Beautiful Nebraska

Written by Jim Fras

Beautiful Nebraska, peaceful prairieland,
laced with many rivers, and the hills of sand,
dark green valleys cradled in the earth,
rain and sunshine bring abundant birth.

Chorus:

Beautiful Nebraska, as you look around,
you will find a rainbow reaching to the ground.
all these wonders by the Master's hand,
Beautiful Nebraskaland.

We are so proud of this state where we live.
There is no place that has so much to give.

Chorus Repeated.
