

NEBRASKA TITLE I, PART C – EDUCATION OF MIGRATORY CHILDREN

2024-25 Project Directory

TITLE I, PART C, EDUCATION OF MIGRATORY CHILDREN PROGRAM

The Title I, Part C, Education of Migratory Children or “Migrant Education Program” (MEP) is authorized by Part C of Title I of the Elementary and Secondary Education Act of 1965, as amended (ESEA). The MEP provides formula grants to State educational agencies (SEAs) to establish and improve, directly or through local operating agencies (LOAs), education programs for migratory children.

Mission: To help migratory children and youth meet high academic challenges by overcoming the obstacles created by frequent moves, educational disruption, cultural and language differences, and health-related problems.

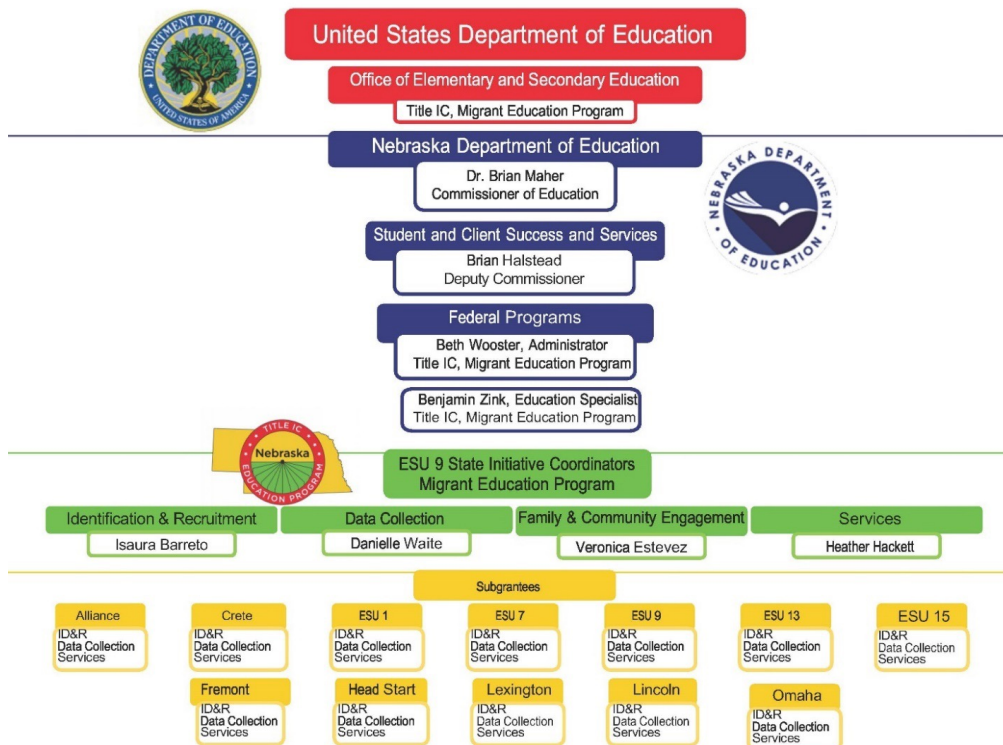

Goal: Ensure all migrant students reach challenging academic standards and graduate with a high school diploma (or complete an HSED) that prepares them for responsible citizenship, further learning, and productive employment.

PROGRAM DESCRIPTION

Title I, Part C funds support high quality education programs for migratory children and help ensure that migratory children who move among the states are not penalized in any manner by disparities among states in curriculum, graduation requirements, or state academic content and student academic achievement standards. Funds also ensure that migratory children not only are provided with appropriate educational services (including support services) that address their special needs but also that such children receive full and appropriate opportunities to meet the same challenging state academic content and student academic achievement standards that all children are expected to meet. Federal funds are allocated by formula to SEAs, based on each state’s per pupil expenditure for education and counts of eligible migratory children, age 3 through 21, residing within the state.

NEBRASKA MIGRANT EDUCATION PROGRAM

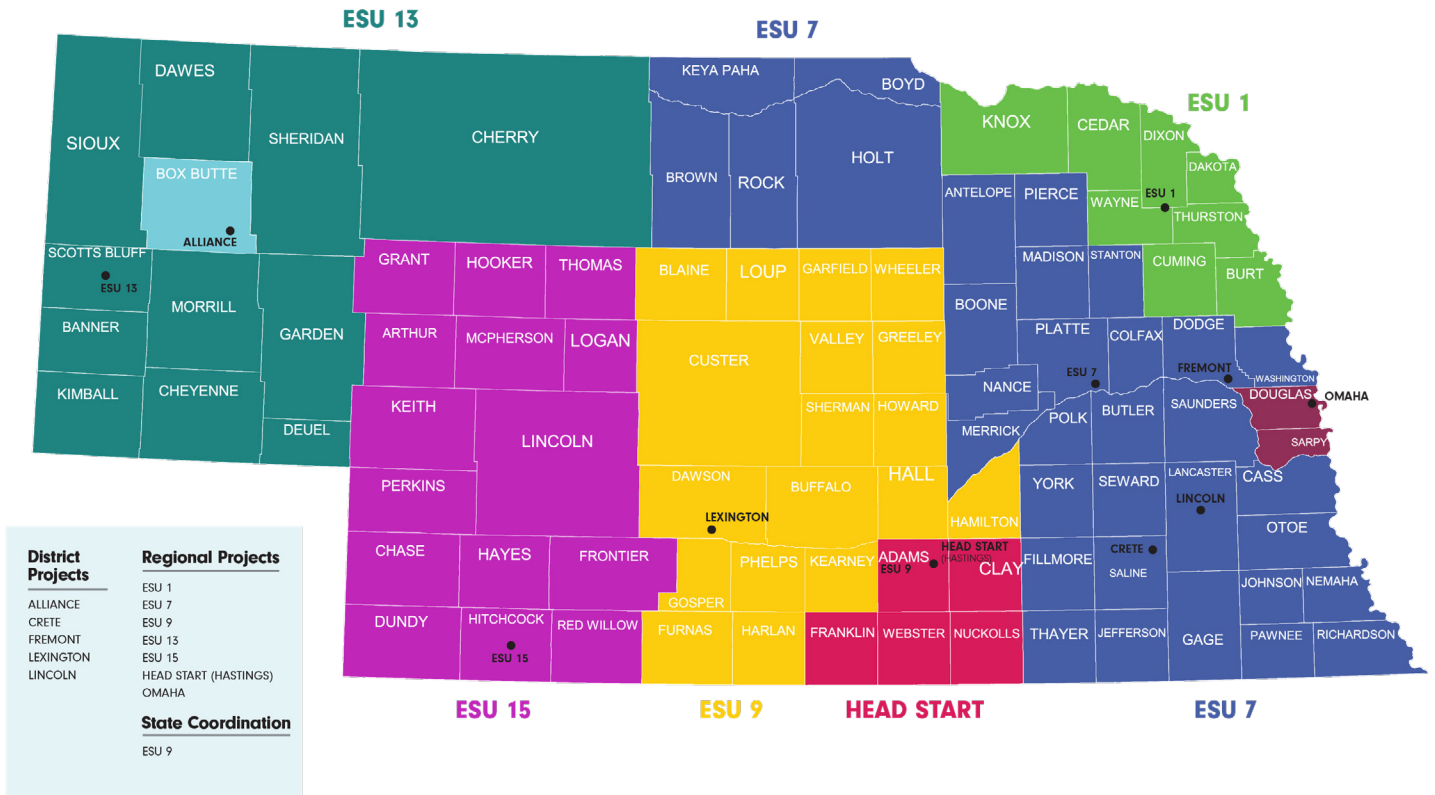

The Nebraska MEP is funded by the Office of Migrant Education, U.S. Department of Education and operated by the Nebraska Department of Education, who subgrants funds to LOAs to implement the program. The organizational structure is as follows:

2024 MEP Organizational Chart

The Nebraska MEP is organized into twelve district and regional “projects” that implement supplemental educational services and activities to ensure the success of migratory children.

District projects include Alliance, Crete, Fremont, Lexington, and Lincoln. Regional projects include Educational Service Unit (ESU) 1, ESU 7, ESU 9, ESU 13, ESU 15, Head Start (Hastings), and Omaha. ESU 9 also received funding to support State Coordination.

Regional and district projects provide instructional and support services aligned with the State SDP and CNA within the four goal areas of: (1) School Readiness, (2) ELA and Mathematics; (3) High School Graduation and (4) Services to OSY. The primary components of the Nebraska MEP include supplemental instructional services, support services, inter/intrastate coordination, identification and recruitment (ID&R), parent engagement, and professional development. These activities are guided by the program application/sub-granting process, State and local Comprehensive Needs Assessments (CNA), Service Delivery Plan, and the annual program evaluation.
